Egg Preparation Demonstration Qualifier
This year’s Egg Preparation Demonstration Qualifier will be held Thursday June 28th on the Davis campus. The contest is open to both juniors and seniors. The winner of the Senior division will represent California at the 4-H National Poultry and Egg Conference in Louisville, Kentucky this November.

On the next pages you will find complete contest information. Following that material is a listing of helpful resources compiled by Dr. Brigid McCrea.

They Qualified!

Congratulations to the Yolo/Solano team of:

Rachel Hazeltine
Chelsea Pugh
Will Simmons
Sarah Hazeltine

who captured the Senior Poultry Judging title at our state qualifier in Fresno. Once again coaching a state champion team (last year it was Avian Bowl) was Mrs. Jan Johansen. The next time you see any of the team members or their coach, extend your support as they prepare for the Nationals in Louisville.

Avian Influenza (HPAI) in the United States

No matter what you thought you heard on the news, the United States remains free of HPAI. The strain recently found in this country is NOT the highly pathogenic avian influenza devastating other parts of the world. According to Dr. John Clifford of USDA, the turkeys at a commercial farm in West Virginia were exposed to an H5N2 avian influenza virus. Based on results from the National Veterinary Services Laboratory, he said, “Every indication is that the virus is consistent with low pathogenic strains of avian influenza, or LPAI, which are commonly found in birds and typically cause only minor sicknesses or no noticeable symptom.”

The samples, in which the virus was found, were part of routine specimen collection. The samples were taken pre-slaughter. Since the USDA’s policy is to eradicate all H5 and H7 subtypes, all 25,000 turkeys were depopulated.

If it was Low Path, why did they depopulate? This policy is based on the ability of the low path virus to mutate into a highly pathogenic form.

Just remember: no High Path AI has been found in this country.

No Highly Pathogenic

Egg Preparation Demonstration Contest
(Special Awards Provided by various State Egg Promotion Associations)

Purpose of the contest:

1. To develop and demonstrate leadership and communication skills.
2. To acquire knowledge of quality standards, size classification, nutritional value, preparation and storage, functional properties, versatility and economic value of eggs.
3. To develop creative skills in the preparation, use and serving of eggs.
4. To learn to enjoy eggs as a food.
5. To use sound nutritional knowledge when planning meals.

Rules and Information:

1. Each state is eligible to enter one bona fide 4-H Club member in the contest.

2. Appropriate contestant entry form must be submitted by designated deadline. All information requested on this sheet must be provided, including copy of recipe, appliances needed and times, and total preparation time needed in the kitchen prior to the presentation. Failure to submit all information may result in inconvenience for contest. Scheduling of appliances and presentation times are prepared using this information.

3. The contestants will be scored according to the points listed and described in the sample judges score card.

4. Each participant must present a demonstration on the preparation of an egg dish.

5. The demonstration must include the following:
   - Information of eggs: nutritional value, preparation and storage, functional properties, grading and sizing, versatility and economics of cooking with eggs.
   - Steps in preparation of the dish.
   - A finished dish ready for sampling. This must be prepared in the contest-site kitchen facilities on the day of the contest. Preparation may be prior to the demonstration or during the actual demonstration, depending on the nature of the dish. No contestants may prepare any portion of their dish outside the contest-site facilities.
   - Judges will be served and will sample the finished product at the end of each demonstration. Paper plates and bowls and plastic utensils will be provided and these must be used when serving the judges. Contestants may not give anything to the judges except their recipe (see rule 8) and a sample of their finished product.

6. The demonstration must be no more than 12 minutes in length. Contestants will be permitted to finish the demonstration. If the presentation is two (2) minutes or less longer than the specified length, two (2) points will be deducted from the total score. If the presentation is from two (2) to five (5) minutes longer than the specified length, five (5) points will be deducted from the total score. If the presentation exceeds five (5) minutes longer than the specified length, ten (10) points will be deducted from the total score.
7. The contestant must have demonstrated the selected recipe no less than six (6) times prior to the contest.

8. At the time of the demonstration each contestant must submit to the judges and superintendent five (5) copies of the recipe used in the demonstration. This recipe must not contain the name of the contestant or the state represented. Recipes should meet criteria described in rule 22, Recipe Includes the Following Parts.

9. The egg dish must contain a minimum of:
   - 1/2 egg per serving if the dish is classified as an appetizer or snack.
   - 1/2 egg per serving if the dish is classified as a dessert.
   - 1/2 egg per serving if the dish is classified as a beverage.
   - One (1) egg per serving if the dish is classified as a salad or main dish.
   - Numbers above represent eggs to be broken, however, use of the entire egg is not required. For example: a dessert serving six people may be made with three egg whites.

10. The egg dish recipe may utilize prepared packages of food ingredients (i.e., grated cheese) or canned items (i.e., tomato paste).

11. Each contestant will furnish his or her own supplies for the demonstration EXCEPT the contest committee will provide eggs, range, oven, microwave oven, and refrigerator necessary for preparation of the egg dish.

12. Easels will be provided for the demonstration. Only posters and table-top displays will be allowed. No slides or videos will be allowed. All props and visuals must be displayed on the demonstration table or easels. No additional display tables will be allowed.

13. Posters displayed must be the work of the contestant. Contestants may use notes or outlines to assist them, but reading from notes may hurt presentation scores.

14. NO contestant will be allowed to have any means of identification as to his or her name or the state they represent either on their person or on their posters.

15. The preparation room will be off limits to everyone except the contestants and egg preparation room staff.

16. Contestants will work alone in the contest preparation room unless an emergency arises, in which case they will be assisted by the preparation room staff.

17. All contestants must remain in the preparation room until after their demonstration. Contestants who have completed their demonstrations cannot discuss judges' questions with other contestants until the contest is completed.

18. Contestants will be assigned an 8 foot table for use in the preparation area and for use as a front table in the demonstration. The contest committee will assist in moving this table from the preparation room to the demonstration area. A second 8 foot back table is available in the demonstration area. Table cloths will be provided; however, contestants may use their own.

19. Each contestant is responsible for clean up after his or her demonstration.

20. In case of a tie, the tie will be broken by the following method, in the order listed:
   - The contestant with the highest score in "Presentation and Skill" will win.
   - The contestant with the highest score in "Program Content" will win.
   - The contestant with the highest score in "Product" will win.
   - A method will be decided upon by the contest committee.
21. **Score sheets** for Egg Preparation Contest

22. Recipe includes the following parts:

- Name of recipe
- List of ingredients - listed in order they are used in the instructions.
- Measurements given in common fractions.
- No abbreviations used.
- No brand names used.
- Instructions for combining ingredients.
- Clear instructions for every step of combining and cooking the ingredients.
- Short, clear, concise sentences.
- Correct food preparation terms to describe combining and cooking process.
- Size of pan stated.
- Temperature and cooking time stated.
- Number of servings and calories

How is Your Poultry Knowledge?
As promised, here is the third edition of the Poultry Knowledge Contest. There were a total of 11 correct responses to the item pictured in the last edition of the Avian Science Notes. If you have entered in the past, you must enter all four times to remain eligible. 4-H members who correctly guess the name and function of all four poultry products will be placed in a lottery. Five names will be pulled out of the lottery. Winners will be awarded their very own copies of The American Standard of Perfection. The winners will be announced at the 2007 Avian Science Day and the Standards will be awarded at that time.

One entry per family will be accepted. Entry forms (see below) may be submitted by fax or mail. Entry forms for this issue of Avian Science Notes submitted by fax must be received no later than 5:00 PM on May 10, 2007. All submissions (faxed and mailed) must be to the attention of Dr. Brigid McCrea. Mailed submissions for this issue of Avian Science Notes must be postmarked no later than May 10, 2007.
